Re: Previous notice as per Law 196/03

Dear Sirs,

As per D.L. NR. 196 of 30th June 2004, kindly find here below all the information referring to the purposes and regulations for the treatment of your data that the law recognized as personal, their communication, diffusion and despatch of our data

PURPOSES OF THE TREATMENT

Your personal and private data supplied to us for contractual reasons will be kept only for filing, Elaboration, documentation purposes, fulfilment of the obligations about fiscal matter and purposes related to the obligations foreseen by the law, regulations and community rules.

REGULATIONS OF THE TREATMENT

The treatment will be done both by automation and manually by persons chosen on this purpose.

COMMUNICATION AND DIFFUSION LIMITS

The circulation of the private and personal data will be held in our company only except to the Communications to the social welfare and insurance services, to the financial administration and to the authorized organizations. We will entrust the professional people, associations or a reliable company with the task of managing and elaborating the data related to our firm. The data will be treated during all the period indicated by the contractual agreement and also subsequently both for the fulfilment of the law obligations and the future commercial purposes.

TYPE OF DESPATCH

You are compelled to give us your data as we need them for contractual conditions which can come from the planning advice and working directions

The undersigned informs that, should you do not reply or you give him no exact information, will be unable to grant his consistency to keep to the contractual agreement.

You can apply your rights as per L.D. NR.196 of 30th June 2004 art. 7-8-9-10, addressing to the undersigned.

Titular of the treatment : Carlo Winkelmann
Responsible of the treatment : Fabio Rosiglioni
